May 27, 2015	8:30 a.m. - 5:30 p.m.	
June 26, 2015	8:30 a.m. - 5:30 p.m.	

Why Attend:

- ✓ Executive Coaching is now considered the most powerful form of leadership one can practice. Leaders with the proper coaching skills can motivate and empower *themselves*, their peers, subordinates, as well as find ways to work well with their bosses. As a result, leaders who are also coaches are able to reduce friction in the workplace increasing productivity.
- ✓ The coaching tools and strategies you will learn in the course will surely enhance team performance and effectiveness inducing positive personal and organizational change.
- ✓ The learning structure of the course becomes the platform for professional development of your Management team while they explore solutions to real-work problems.
- ✓ Constant application of these systems thinking tools in the workplace transforms attitude, belief systems and behavior that sticks for the long term.
- ✓ Learning the Art of Questioning creates a safe environment "to fail fast and learn early", encouraging creativity in the workplace.
- ✓ Successful companies worldwide such as Microsoft, Shell, HP, Unilever apply these tools to stay ahead of the game.
